Service Programs

/// Same Day Stock

We stock over 1600 S&W items and over 600 Smead® brand items, all of which ship the same day on orders received by 5:00pm EST.

/// Two-Day Fastener Program

S&W stocks the most popular fastener folder items so they are available on our Same-Day Stock Program. For all other fastener installation in stock file folders, our lead time is just 2 working days from receipt of order. This is our standard level of service on quantities of 5,000 folders and under, so no special request is required.

/// Standard Quick-Print Program

Our standard Quick-Print Program for printing of stock file folders and flat pockets is just 6 working days from receipt of order and camera-ready artwork.

/// Quick-Ship Color Coded Strip Labels

We can design color-coded strip labels compatible with any major manufacturer and match any type of filing method. Have labels factory applied to any folder or pocket/jacket and collated in just 4 working days.

/// Install Pockets & Dividers

Pockets come factory installed or can be purchased for customer application. We will install Manila, Kraft, poly, or vinyl pockets and dividers in just 3 working days.

Holiday Closings

/// CUSTOM OPTIONS ///

You Design It - We'll Create It!

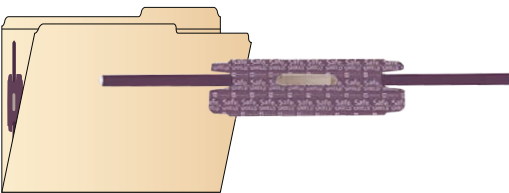

Custom Folder Options For Any Business Application

FASTENER OPTIONS

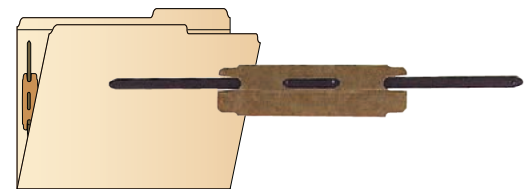

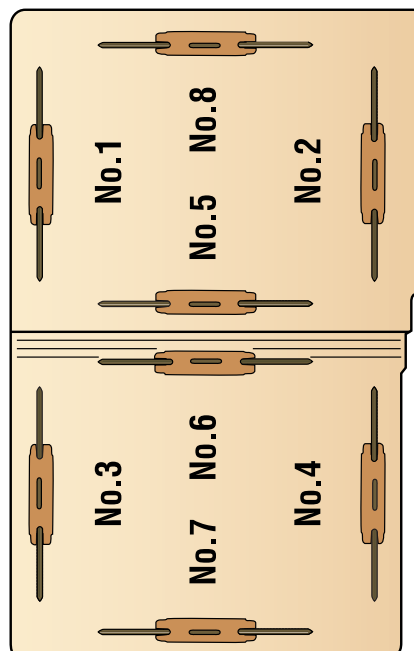

Fasteners keep papers secured inside files and in proper sequence. Choose the fastener style and position that works best for you. Use the position numbers from the illustration below when ordering.

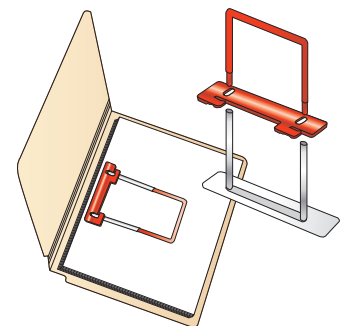

"2S" Style Fastener - 2 inch capacity
Fastener treated with SafeSHIELD®
coated Fastener Technology, fiber
base, does not show outside, 2-3/4"
C-C only.

"2K" Style Fastener - 2 inch capacity
Brown metal, superior strength,
recessed into folder, 2-3/4" C-C only.

"2B" Style Fastener - 2 inch capacity,
superior strength, 2-3/4" C-C only.

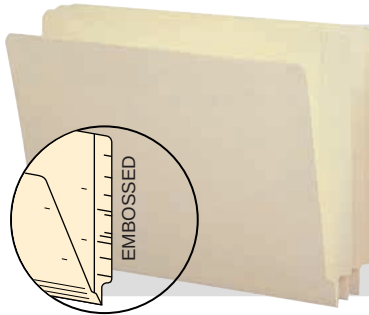

"U" Style Fastener - 2 inch capacity
Flexible plastic fastener allows folder
to function like a ring binder. Can be
added anywhere without removing
other pages.

- Add 1/2" Side Tabs - Add 3/8" Bottom Tabs
- 110 lb / 124 lb Manila
- Tabs Printed on Both Sides & Fused with Mylar (16 Colors)
- 1" Scored Hinge with Mylar Reinforced Slits
- Choose from 1/3 cut to 1/8 cut
- Available with Optional Collation
- Includes Pre-installed 2" Bonded Fastener in Position 1

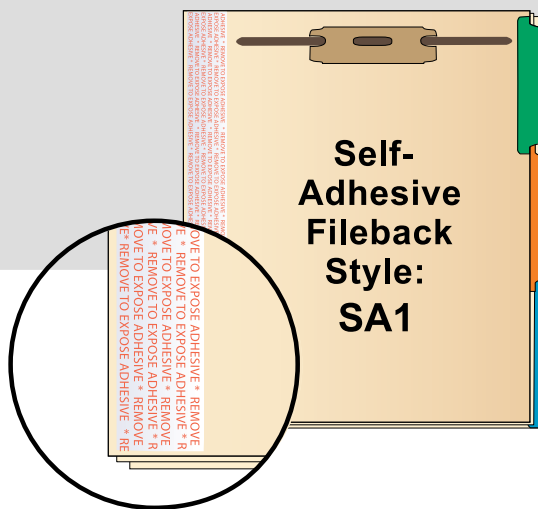

Add pages within each section without removing the dividers above by using filebacks. Each fileback has its own fastener and attaches to the fileback below it with a punched foldover hinge. Entire sections can be removed from the folder without disrupting the rest of the pages.

FILEBACKS

LETTER BOTTOM & SIDE TAB - MANILA W/ BONDED FASTENERS

PRODUCT CATEGORY OVERVIEW:

- Letter Size: 8-1/2"W x 11"H
- Add 1/2" Side Tabs - Add 3/8" Bottom Tabs
- 110 lb / 124 lb Manila
- Tabs Printed on Both Sides & Fused with Mylar (16 Colors)
- 1" Scored Hinge with 3/4" Self-Adhesive Strip
- Choose from 1/3 cut to 1/8 cut
- Available with Optional Collation
- Includes 2" Bonded Fasteners in Position 1 on Both Sides

Use self-adhesive filebacks when need to use a fastener that is not on the same side as the hinge. These manila adhesive dividers turn like a book page, while papers flip up for easy viewing.

INDEX DIVIDERS

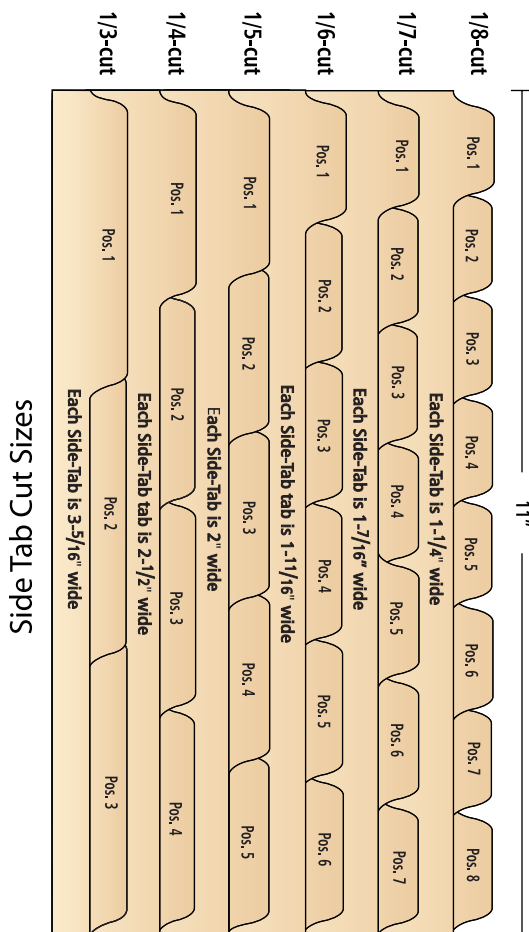

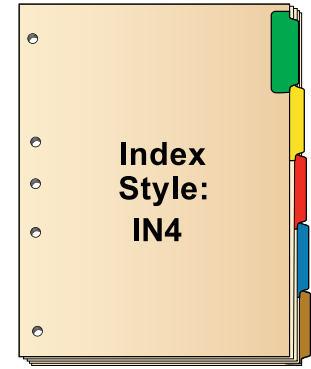

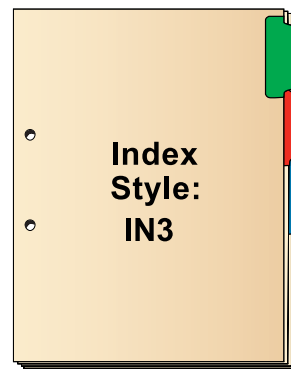

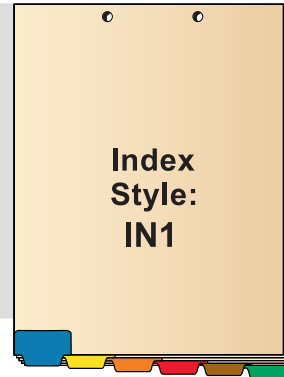

26

LETTER BOTTOM & SIDE TAB - WHITE / IVORY / MANILA

PRODUCT CATEGORY OVERVIEW:

- Letter Size: 8-1/2"W x 11"H
- Add 1/2" Side Tabs - Add 3/8" Bottom Tabs
- 90/110 lb White/Ivory - 124 lb Manila
- Tabs Printed on Both Sides & Fused with Mylar (16 Colors)
- Holes Punched and Reinforced with Mylar (2-3/4" Spacing)
- Choose from 1/3 cut to 1/8 cut
- Available with Optional Collation

Create a filing system inside each folder by subdividing information with your own custom indexed dividers. Color-coded Mylar® tabs with your headings preprinted on them keep documents separated. Fasteners keep pages secure and in the proper order.

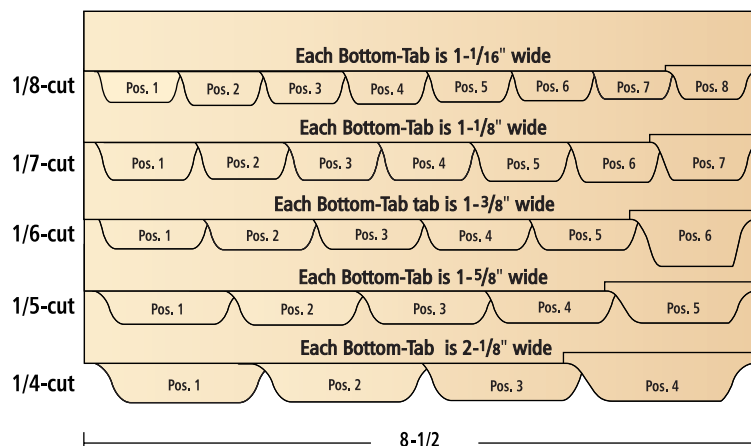

Mylar Tab Colors (Neon Colors Also Available)

MY - 105 CLEAR	MY - 125 LIGHT GREY	MY - 115 GREY	MY - 305 YELLOW
MY - 315 LIGHT YELLOW	MY - 515 AMBER	MY - 505 ORANGE	MY - 915 BROWN

EASY ORDERING INSTRUCTIONS

1. Choose the style of index, fileback or self-adhesive fileback.
2. Specify material weight and material color.
3. Specify tab cut (see charts for details).
4. Specify a title and color for each tab position (see charts for details).
5. Specify Packaging: Collated in sets, or Not collated - titles boxed individually.

Bottom Tab Cut Sizes

COLORBAR® LABELING SYSTEM

Smead's ColorBar® suite of color labeling products revolutionized the file room with a simple, flexible solution for organizing even the largest and most chaotic file rooms.

The ColorBar® suite of labeling products gives you the power to produce labels with maximum ease and flexibility. Whether you need label design capability, have one user or multiple users, print one label at a time, multiple labels at a time or require label printing at multiple locations, ColorBar® meets your color labeling needs.

— **ColorBar® Print** --- Easy-to-use software for printing color-coded labels using your PC and color printer. Print color labels from virtually any database source.

— **Colorbar® Express** --- The Perfect color labeling solution for multiple users with one concurrent user seat. ColorBar® Express offers the same ColorBar® functionality packaged into a convenient and cost-effective ASP/web service model that's ideal of on-demand labeling needs. ColorBar® Express couldn't be easier. Simply sign in to www.colorbarexpress.com from any computer using Microsoft Internet Explorer® browser. No software to load, no dedicated system required, no upgrades to manage, no per-label click fees.

- Automated label creation
- Express Designer features a user-friendly interface that gives users easy-to understand options, including alpha and numeric, so it's easy to match an existing filing system
- Ability to import any custom ColorBar® label design
- Match any existing system, including Smead®, TAB®, Jeter®, Ames®, Barkley®, GBS/VRE & Kardex®
- Works with all ColorBar® label stocks
- Create and print labels from an ink-jet or laser printer in a variety of standard label sizes

COLORBAR® LABELING SUPPLIES

ColorBar® labels are always the right choice. They deliver exceptional print quality and hassle-free label printing. Designed specifically to work with ColorBar® software, these supplies provide accurate color matching and uniformity.

ColorBar WaterGuard® labels are designed specifically to work with ink-jet printers. ColorBar WaterGuard® labels are made with a unique double coating to prevent ink runs, bleeds and fading, even when submerged in water for several minutes. ColorBar WaterGuard® labels will not cause the ink to fade, run or bleed when handled.

ColorBar Bright White labels are designed specifically to work with laser printers.

- Standard letter size to fit virtually any printer that supports 8½" W x 11" H adhesive label stock
- Available in 6-up, 7-up and single label sheets
- Print brilliant, accurate colors quickly and easily.
- Special sheet construction reduces paper jammes during printing.

DESCRIPTION	ITEM	BOX	CTN
WaterGuard® 6-up sheet 8"W x 1½" H	02490	1008	5040
WaterGuard® 7-up sheet 8"W x 1- 7/16" H	02483	1008	5040
Bright White 6-up sheet 8"W x 1½" H	02482	1008	5040
Bright White 7-up sheet 8"W x 1- 7/16" H	02476	1008	5040

DESIGN-A-SHEET & FACTORY CONVERSIONS

Design-A-Sheet Custom Label Stock

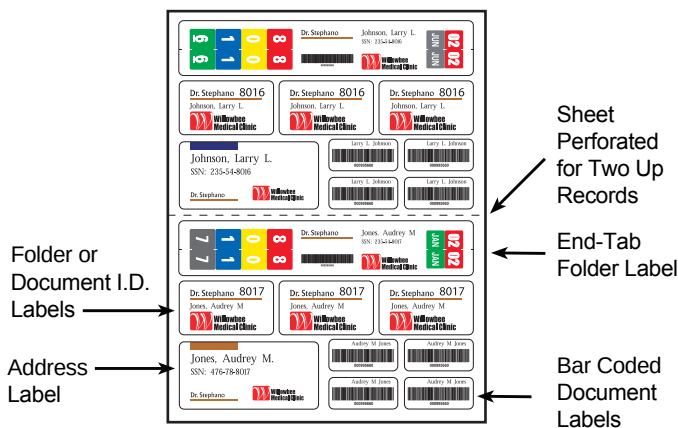

The Design-A-Sheet program allows you to create your own custom label stock. Sheet labels are designed to your specifications and requirements

- Custom designs for end-tab, top-tab or any custom label.
- Order label sheets die cut to virtually any shape and size up to 8" W x 10-1/2" H.
- Available for laser and inkjet printers.
- Perforation and hole-punch options also available.

Factory Conversion Labels

Save time and money on backfile conversions or other high volume labeling needs by ordering finished labels printed from your supplied data.

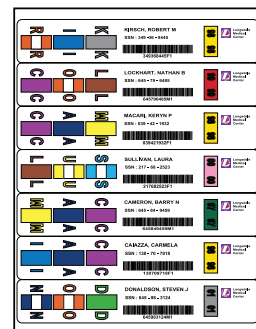

- Preprinted labels will match your day forward printed labels for a consistent, accurate filing system.
- Simply provide your database files along with your ColorBar label design. (Data security/Confidentiality assured)
- Provided on sheets or rolls, laminated or non-laminated.
- Also available factory pre-applied to folders.
- Other label stock available, call for details.

EXAMPLE

Laminated,
Non-laminated, WaterGuard

8 per page, Laminated
7 per page, Non-laminated

2-DAY FASTENER INSTALLATION

Fasteners are useful for securing documents and creating additional filing surfaces within each folder. Have bonded, embedded, or a visiclip fastener installed in a stock folder in just **TWO** business days.

Bonded and embedded fasteners are made from heavy duty brown metal and are available in 1" or 2" capacities. Bonded directly to the folder surface or embedded with metal prongs these fasteners offer enhanced document security at a great value.

Visiclip fasteners give a standard filing folder the functionality of a ring binder. The flexible fastener allows documents to lie flat for photocopying and plastic tubing give you the option to remove single pages from within a stack of documents.

6-DAY PRINT PROGRAM

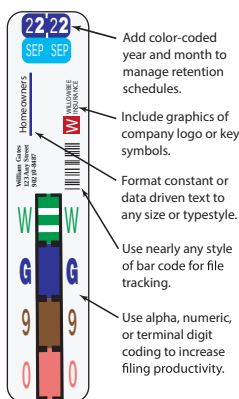

Add the finishing touch to any folder by custom printing useful information directly on to any combination of folder panels or folder tab in as few as **SIX** business days. Patient forms, company logos, charts, or common instructions increase the value and utility of a standard folder.

Custom printing offers the perfect opportunity to secure your folder business by private labeling your company's folders with logo and contact information at a minimal cost.

We offer custom printing on any stock folder or flat pocket. Lead time begins after approval of camera ready artwork. Available in black ink only and in quantities up to 5,000 folders.

4-DAY COLOR CODED STRIP LABELS

- Add color-coded year and month to manage retention schedules.
- Include graphics of company logo or key symbols.
- Format constant or data driven text to any size or typestyle.
- Use nearly any style of bar code for file tracking.
- Use alpha, numeric, or terminal digit coding to increase filing productivity.

We can design color-coded strip labels compatible with any major manufacturer and to match any type of filing method. Have labels factory applied to any folder or pocket/jacket and collated in any sequence. Submit your database and we will print a series of labels from the information you provide in just **FOUR** business days.

The most popular color-coded systems include alphabetic, straight numeric, and terminal digit indexing.

3-DAY INSTALL POCKETS/DIVIDERS

Pockets eliminate the need to hole-punch documents and still allow for maintaining order and organization for small or odd size material. Pockets can be applied in any position and are available in a variety of materials including manila, golden kraft, polyurethane, and vinyl. Pockets come factory installed or can be purchased for customer application.

Pockets and dividers are installed and shipped in **THREE** business days.
